

About This Handout

This handout is designed for use by **AED Trainers** as a delegate resource. It covers the key knowledge areas, legislation, and practical skills required for the course. Delegates may retain this handout for future reference.

Learning Outcomes

By the end of this course, delegates will be able to:

- Understand how an AED works and when to use it
- Perform CPR and AED use in an integrated sequence
- Manage special situations (children, pacemakers, water)
- Maintain and check AED equipment
- Deliver effective AED training

Key Legislation & Standards

Practical Skills & Key Points

Key Facts to Remember
