

## About This Handout

This handout is designed for use by **DSE Assessors** as a delegate resource. It covers the key knowledge areas, legislation, and practical skills required for the course. Delegates may retain this handout for future reference.

## Learning Outcomes

By the end of this course, delegates will be able to:

- Understand DSE regulations and employer obligations
- Conduct a comprehensive DSE workstation assessment
- Identify and correct ergonomic risk factors
- Advise on workstation setup for home and office workers
- Deliver effective DSE training

## Key Legislation & Standards

## Practical Skills & Key Points
